**NOTICE**  
**17th March 2022**  
**ENROLMENT IN BUS SERVICES IN NEW SESSION**

Due to the gap of two years in school bus operations the schools have to plan afresh and ascertain the firm list of school bus availing students. As such we request the cooperation of the parents/guardians in the following manner:

1. Students who wish to enroll for school bus services should preferably do so before the 31st of March 2022.
2. Students who are continuing from previous years should deposit the first quarter fees preferably by 31st of March 2022 to indicate their continuance.
3. Those parents/guardians who have previously submitted bus discontinuation letters must enroll afresh by the 31st of March 2022 to avail school bus services.
4. School Bus Fees book will be available at the respective school accounts offices from the 22nd of March 2022. Enrolment is continuing at the accounts offices even without the fees book, which may be collected later.
5. Timely enrollment and confirmation will enable the school bus authorities to plan the routes and offer efficient bus services from the very first day of school itself, i.e., 11th of April 2022.
6. Please note that all students will be screened for temperature before boarding the bus. Those failing the temperature criterion will be denied boarding keeping in mind the safety of other students.
7. Please keep patience for the first few days with respect to pick up and drop of students as it will take that time for the routes to settle down.
8. The above is subject to the applicable guidelines of the Govt. of West Bengal issued from time to time.

By Order
